I have been passionately immersed in the world of front-end development since early 2019, constantly striving to expand my skills and staying up to date with the latest industry trends. Throughout my journey, I've had the privilege to collaborate with a diverse range of clients - this includes a medium sized organisation and smaller creative digital agencies.

Work Experience

LeasePLUS Group - SafeCode   Sept. 2022 — Present
Front-end Web Developer   Melbourne CBD, VIC

SafeCode, a LeasePLUS subsidiary, creates novated leasing and salary packaging interfaces for individuals and businesses. With 100,000+ users, they cater to diverse clients across Australia.

- Worked on proprietary leasing/salary packaging software for LeasePlus Group
- Management of all LeasePlus group's websites/portals (over 5+)

LeasePLUS Group - SalaryPackagingPLUS   Apr. 2022 — Sept. 2022
Account Officer   Melbourne CBD, VIC

Arcadian Digital 🔗   Sept. 2019 — Feb. 2020
Junior Front-end Web Developer   Melbourne CBD, VIC

As a bespoke digital and marketing agency, Arcadian deliver tailored solutions to organisations of all sizes. I worked with extremely talented engineers during my time there.

- Collaborative work with project managers and lead/senior developers
- Build and structure WordPress child themes
- Build and maintian company's own WordPress plugins and themes

Bebble Media 🔗   May. 2018 — Jun. 2019
Junior Front-end Web Developer   North Laverton, VIC

A small digital agency in West Melbourne with in-house designers and developers. Specialising in WordPress, they assist small business owners in expanding their e-commerce and online presence.

- Collaborate with web/graphic designers to reach mockup standards
- Integrations of plugins + customisation of plugins to suit client's specifics
- Manipulation of software styles (i.e plugins, themes) exact to design mockups
