Web Portfolio - branden.vercel.app 🏠

I've been passionately immersed in the world of front-end development since early 2019, constantly striving to expand my skills and stay up to date with the latest industry trends. Throughout my journey, I've had the privilege to collaborate with a diverse range of clients, including both corporations and smaller creative digital agencies.

Work Experience

SafeCode 🔗
Front-end Web Developer
Melbourne CBD, VIC
Sept. 2022 — Present

SafeCode, a LeasePLUS subsidiary, creates novated leasing and salary packaging interfaces for individuals and businesses. With 100,000+ users, they cater to diverse clients across Australia.

- Worked on proprietary leasing/salary packaging software for LeasePlus Group
- Produced clean, structured, and organised code i.e. JavaScript (React, JQuery), HTML, CSS (Sass),
- Management of all LeasePlus group's websites/portals (over 5+)

Arcadian Digital 🔗
Junior Front-end Web Developer
Melbourne CBD, VIC
Sept. 2019 — Feb. 2020

As a bespoke digital and marketing agency, Arcadian deliver tailored solutions to organisations of all sizes. I worked with extremely talented engineers during my time there.

- Collaborative work with project managers and lead/senior developers
- Build and structure WordPress child themes
- Build and maintian company's own WordPress plugins and themes

Bebble Media 🔗
Junior Front-end Web Developer
North Laverton, VIC
May. 2018 — Jun. 2019

A small digital agency in West Melbourne with in-house designers and developers. Specialising in WordPress, they assist small business owners in expanding their e-commerce and online presence.

- Collaborate with web/graphic designers to reach mockup standards
- Integrations of plugins + customisation of plugins to suit client's specifics
- Manipulation of software styles (i.e plugins, themes) exact to design mockups
